FAVORED GRAHAM.

What Texas Town Can Boast of More Natural Advantages than the Progressive Town of Graham?-Read the Facts.

Railroads from any direction, through Graham, would cross over coal and other minerals, which, through hot or cold, wet or dry seasons, for all time, would reliably contribute to them and general local trades and business an enormous trade, compared to that from agriculture and livestock, which would fully equal that, their only re-sources for business along other lines. Mixed Up With a Bank Check Special to the Gazette.

QUANAH, HARDEMAN COUNTY, TEX., June 10.—Sheriff D. P. Gibson returned from the upper Panhandle yesterday morning having in charge H. B. Clark, all as Ben Laws, who was wanted here on a charge of obtaining money under false pretenses. About two weeks since he purchased a horse of Jones Eakin, living south of Quanah, giving in payment for same a check on the First national bank of Quanah for \$80 and left. When the check was presented for payment it was found that no such party was known to the bank, or had any deposit there. Sheriff Gitson was at once notified and started in pursuit, and after a search of over a week came upon the man in Hartley county, arrested him and brought him to Quanah and lodged him in jail. When arrested he had in his pos-session a new saddle and an entirely dif-ferent horse from the one he got from Eakin. Laws is an Englishman, appar-ently about twenty-one years of age, and is an innocent, inoffensive looking tellow.
